Petition for Rule Making
FM Channel 267A
Colfax, Louisiana

Attachment A

Request to Reclassify
Station KLSA(FM), Alexandria, Louisiana
Pursuant to MM Docket 98-93

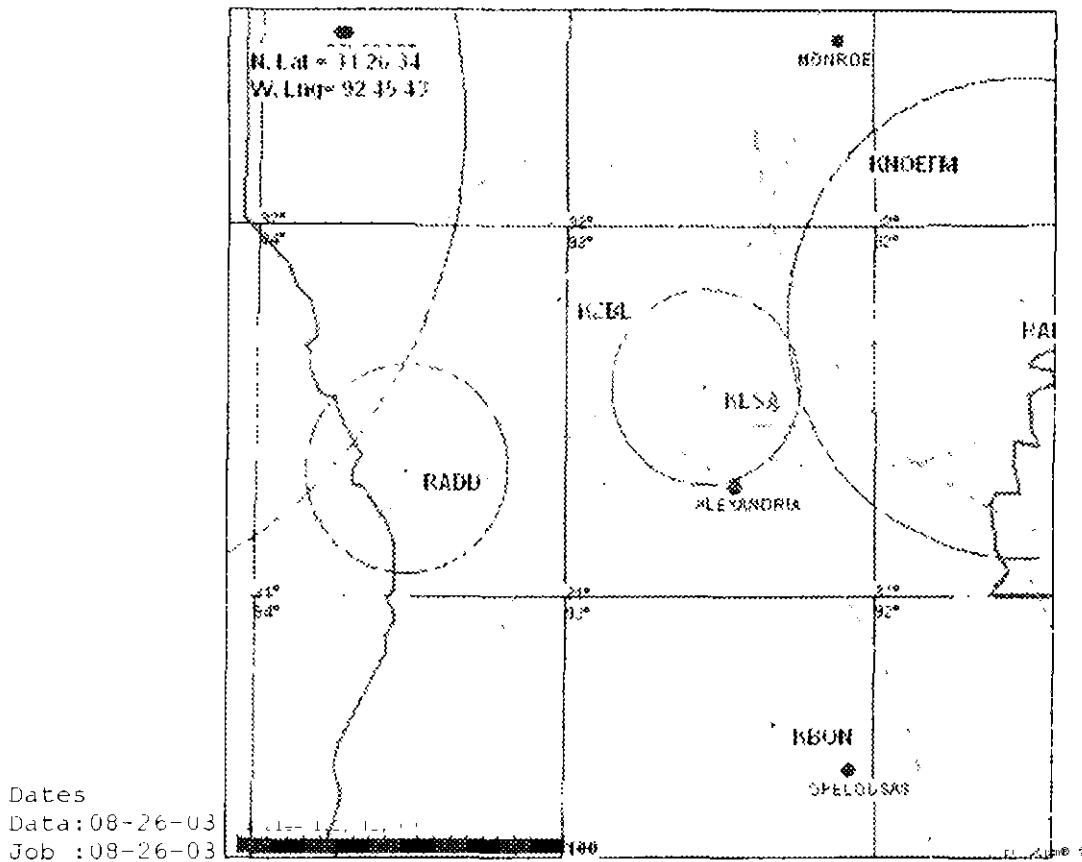

Radio Station KLSA(FM), Alexandria, Louisiana is licensed to the Board of Supervisors of Louisiana State University and A&M College, 99 Lakeshore Drive, Baton Rouge, LA, 70805, (Facility ID 4218), FCC File No BLED -19861224KB. The facility operates with a power of 100 kilowatts with center of radiation 379 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KLSA (FM) be modified to specify operation on FM Channel 214C0 instead of on FM Channel 214C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 267A at Colfax, Louisiana, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KLSA (FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Colfax, Louisiana as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on the Board of Supervisors of Louisiana State University and A&M College, as is required in the above Docket.
